EDUCATION

Georgia Gwinnett College

B.S. Information Technology (Software Development)

Awards: Dean's List, President's List, Magna Cum Laude

Coursework: Advanced Programming, Advanced Databases, Web Development, Software Development, Software Testing & QA

December 2017

GPA: 3.76

EXPERIENCE

SimplePart

September 2018 - Present

Junior Developer

- Develop SimplePart's e-commerce platform with ASP.NET for top OEM dealers such as BMW, Lexus, Toyota, and Audi.
- Design webpages and other assets with LESS based off of InVision mockups to create modern and consistent designs.
- Write queries and stored procedures against a SQL database to gather and update data-driven content.
- Apply responsive web design, cross-browser compatibility, and WCAG principles to improve user experience.
- Perform extensive manual QA tests across all platforms and environments to ensure high-quality and bug-free content.
- Work in an Agile environment using VSTS and Google Hangouts to collaborate with other departments.

Turner Broadcasting System – Cartoon Network

January 2018 – May 2018

Web Developer Intern

- Performed a series of data migrations from a fully Java-based back-end to a Drupal CMA as part of Turner's initiative.
- Integrated Conviva's SDK on website's video player by interacting with its API and constructing a series of metadata objects.
- Implemented complex security protocol changes on CartoonNetwork.com ahead of the Chrome 68 update.
- Converted PSDs manually to front-end code by employing responsive web design on CartoonNetwork.com's Drupal site.
- Accomplished game launches, page updates, and various minor enhancements to aid in the development process.
- Worked in an Agile environment using Scrum and JIRA to collaborate with cross-functional teams.

Turner Broadcasting System – Adult Swim

January 2017 – August 2017

Web Developer Intern

- Assisted in the development of weekly homepage updates and other webpages related to company shows and streams.
- Employed AJAX to interact with the Turner API and fetch data related to drawings submitted by visitors on the homepage.
- Implemented an interactive list of Adult Swim's projects with Vue.js in class-based syntax instead of just HTML and CSS.
- Performed QA tests on video player to ensure proper functionality, browser and device compatibility, and ad delivery.
- Accomplished data management in internal CMS, daily chat moderation, and online search of unwanted bootleg links.

Innovagears

September 2016 – October 2016

WordPress Developer Intern

- Developed and designed client's website with WordPress and various plugins like WooCommerce and Paid Memberships Pro.
- Modified and optimized website's content and assets with HTML, CSS, JavaScript, and PHP.
- Used BugHerd to effectively communicate with the client, track assignments, and keep work flow going.

PROJECTS

Suri (Vue.js & Laravel)

- Used Axios and promises to send AJAX requests, consume REST API, and perform CRUD operations on student data.
- Configured routes with vue-router to update dashboard pages dynamically without reloads from the server.
- Designed the user interface and user experience in clean SASS with minimal Bootstrap.

Xenoblade Chronicles Quiz (AngularJS)

- Built a quiz app on the front-end, and fetched hardcoded-JSON data to load questions and answers.

SKILLS

Languages

HTML5, CSS3, JavaScript, PHP, C#, VB.NET, SQL

Technologies

Bootstrap, SASS, LESS, ES6+, jQuery, Vue, Laravel, MySQL, SQL Server, Oracle
