EXPERIENCE

SimplePart   September 2018 - Present
Junior Developer
- Develop SimplePart's e-commerce platform with ASP.NET for top OEM dealers such as Toyota, BMW, Lexus, and Audi.
- Build new platform features with C# while refactoring redundant functions to use class-based methods instead.
- Port existing websites like GM and Isuzu brands to a more modern platform using reusable front-end components.
- Design webpages based off of InVision mockups using LESS and BEM methodology to create modern and consistent designs.
- Apply responsive web design, cross-browser compatibility, and WCAG principles to improve the user experience.
- Write DML queries and stored procedures against a SQL Server database to gather, update, and pull data-driven content.
- Perform extensive manual QA tests across all platforms and environments to ensure high-quality and bug-free content.
- Work in two-week sprints in an Agile environment using Azure DevOps to collaborate with cross-functional teams.

Turner Broadcasting System – Cartoon Network   January 2018 – May 2018
Web Developer Intern
- Performed a series of data migrations from a fully Java-based back-end to a Drupal CMA as part of Turner's initiative.
- Integrated Conviva's SDK on website's video player by using its API and extracting a series of metadata objects.
- Implemented complex security protocol changes on CartoonNetwork.com ahead of the Chrome 68 update.
- Designed webpages with front-end code based off of PSDs and employed responsive web design on CartoonNetwork.com.
- Accomplished game launches, page updates, and various minor enhancements to aid in the development process.
- Worked in a one-week sprint in an Agile environment using Scrum and JIRA to collaborate with cross-functional teams.

Turner Broadcasting System – Adult Swim   January 2017 – August 2017
Web Developer Intern
- Assisted in the development of weekly homepage updates and other webpages related to company shows and streams.
- Employed AJAX to interact with the Turner API and fetch data related to drawings submitted by visitors on the homepage.
- Implemented an interactive list of Adult Swim's projects with Vue.js in class-based syntax instead of just HTML and CSS.
- Performed QA tests on video player to ensure proper functionality, browser and device compatibility, and ad delivery.
- Accomplished data management in internal CMS, daily chat moderation, and online search of unwanted bootleg links.

Innovagears   September 2016 – October 2016
WordPress Developer Intern
- Developed and designed client's website with WordPress and various plugins like WooCommerce and Paid Memberships Pro.
- Modified and optimized website's content and assets with HTML, CSS, JavaScript, and PHP.
- Used BugHerd to effectively communicate with the client, track assignments, and keep work flow going.

PROJECTS

Suri (Vue.js & Laravel)
- Used Axios and promises to send AJAX requests, consume REST API, and perform CRUD operations on student data.
- Configured routes with vue-router to update dashboard pages dynamically without reloads from the server.
- Designed the user interface and user experience in clean SASS with minimal Bootstrap.

Xenoblade Chronicles Quiz (AngularJS)
- Built a quiz app on the front-end, and fetched hardcoded-JSON data to load questions and answers.

SKILLS

Languages
HTML5, CSS3, JavaScript, PHP, C#, SQL

Technologies
Bootstrap, SASS, LESS, jQuery, Vue, Laravel, ASP.NET Web Forms, MySQL, SQL Server, Oracle

Tools
Git, NPM, Bower, Gulp, Webpack, AWS, S3, WordPress, Drupal, Photoshop, InVision, GitHub, Bitbucket, JIRA, VSTS

Concepts
Algorithms, Data Structures, OOP, SDLC, Agile, Scrum, UI/UX/Responsive/Graphic Design, BEM

EDUCATION

Georgia Gwinnett College   December 2017
B.S. Information Technology (Software Development)   GPA: 3.76
Awards: Dean's List, President's List, Magna Cum Laude
Coursework: Advanced Programming, Advanced Databases, Web Development, Software Development, Software Testing & QA
